

ONE EASY-TO-USE PLATFORM FOR

CLASSROOM AND ONLINE LEARNING

SIMPLICITY AND FLEXIBILITY IN TODAY'S CHANGING WORLD

Whether you and your students are working from home, in the school, or a little bit of both, we make it easier for you and your students to focus on learning.

Class Pages

- Teachers can post announcements, documents, videos and instructions on a digital community page
- Posts can be emailed to students and parents with the click of a button
- Teachers can post to multiple classes simultaneously
- Teachers can see whether students have viewed content

Modules	Sammy Smith	Joey Jones	Cam Carter	Susie Cue	Jane Johnson	Amy Adams

TEACHERS HAVE A BIRD'S-EYE VIEW OF THE ENTIRE CLASS'S PROGRESS

Online Lesson & Discussion

- Organize each "Online Lesson" with videos, images, discussion threads, and online assessments
- Automatically ensure students complete a lesson stage before moving on to the next
- Online discussions increase student interest & engagement, as well as provide feedback on the student's level of understanding

Secure LIVE Classes

- Stream a LIVE class with complete control of video, audio, chat, and all student screens
- Mark up documents using a whiteboard overlay with tools for writing and drawing
- Conduct online assessments (tests) and monitor student progress in real-time
- Conduct games with leaderboards
- Ability to control a student's computer and lock them into the classroom and onto a specific screen

Centralized Communications

- Send emails and/or text immediately to the entire school, a specific class or by grade level
- Easily email class updates to students and parents
- Avoid excessive emails when using our comment feature for all "Q & A" conversations
- All comments are consolidated into one place on the dashboard
- Students and parents can view all posts from all classes on a central news feed or by class
- Students and parents can view upcoming and missing assignments for all classes in one place

Student Information System

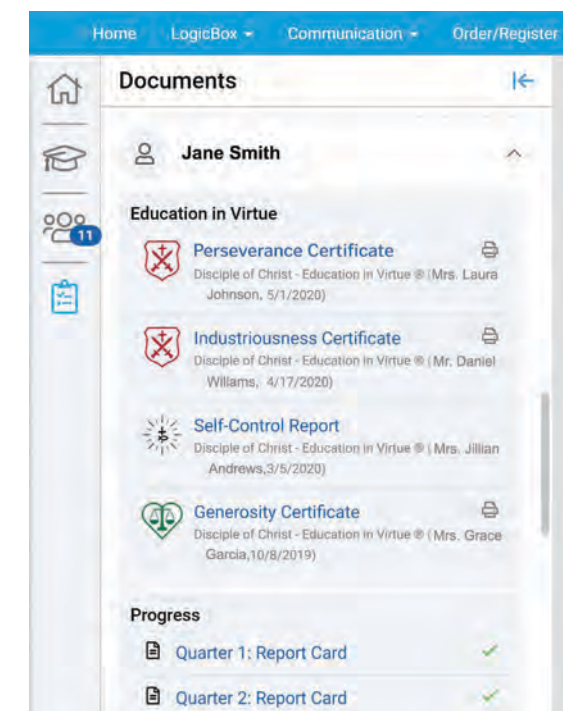

- Manage hundreds of data elements, including all NCEA Data
- Tabs for managing and building curriculum and teacher lesson plans
- Medical Information with a Nurse Manager
- Online forms and enrollment applications
- Accepts online payments (Credit Card or ACH), with funds deposited DAILY into the school's own account
- Cafeteria management offers ability to pre-order or charge to a student account
- Cafeteria Manager supports free and reduced lunch program
- Ohio Administrative Cost Reimbursement (ACR) Support

Built-in Catholic Culture

- Enhance the Catholic culture of your school with an integrated communication system between home and school using the Disciple of Christ and Education in Virtue® approach for a continuous student character formation
- Communication tools include Virtue Certificates, Virtue Reports for areas of growth, and the Education in Virtue® portal, which provides formation and professional development for students, parents, Teachers, and Staff.

CHOOSE BETWEEN USING STANDARDS-BASED GRADING OR A POINT SYSTEM

THE DIGITAL
ACADEMY

Disciple of Christ | Education in Virtue® is implemented digitally through The Digital Academy Education Management System. Virtue Certificates and Reports and Professional Development Modules are included to grow your Catholic culture in an online environment for your school community.

The VIRTUES addition on Digital Academy is available through their app for phones and tablets or through desktop browsers.

The Digital Academy's Education Management System is one easy-to-use platform for the classroom and online learning that integrates Education in Virtue® into communication between home and school.

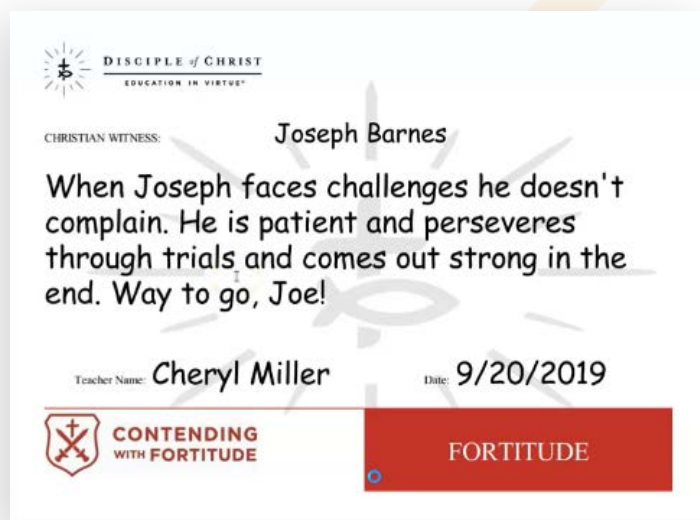

An Integrated Communication System offers instant notifications of **Virtue Certificates and Reports**.

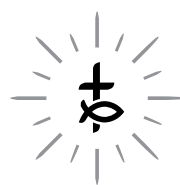

VIRTUE CERTIFICATES & REPORTS

One way of creating a culture of virtue in schools and families is to recognize and celebrate acts of virtue, such as printing or sending a customized digital Virtue Certificate.

One way of creating a culture of virtue in schools and families is to recognize and celebrate acts of virtue, such as printing or sending a customized digital Virtue Certificate.

EXTENDING YOUR CATHOLIC CULTURE INTO A DIGITAL ENVIRONMENT WITH

DISCIPLE of CHRIST
EDUCATION IN VIRTUE®

When students are faced with a challenge to form good habits, conversations can be had to explain a specific virtue and identify it as a better choice for next time with a virtuous goal to practice.

To make the goal concrete with a visual record, a Virtue Report can be given, to designate a specific virtue as a goal or area of growth. Virtue Reports are not intended to be disciplinary or a conduct report, but rather to be an outcome of a coaching approach as a guiding goal to build a good habit.

The *Disciple of Christ*® Virtue Certificates and Virtue Reports support communication between parents, educators and students to advance a shared vocabulary and culture of promoting virtue in the lives of students.

THE DISCIPLE OF CHRIST | EDUCATION IN VIRTUE® PORTAL PROFESSIONAL DEVELOPMENT BUILT-IN

The Digital Academy provides an *Education in Virtue*® Portal that has pre-built lessons and resources for educators and parents. It includes online lessons with videos that outline WHY it is important to Educate in Virtue,

HOW to Educate in Virtue. Lessons also go into detail on each of the major virtues: Faith, Hope, Charity, Prudence, Justice, Fortitude and Temperance.
